MISS NELL CRAIG DESIGNS GOWNS

Thousands of patrons of screen dramas have voted Miss Nell Craig, a Honolulu favorite who appears at the Empire theater today, one of the best dressed women on the American stage. By those to whom dress is an important item Miss Craig is rated as possessing a most striking and varied wardrobe. It comes as somewhat of a surprise to learn that this talented little artist does a large share of the work expended on her hats and gowns.

"Her Naked Soul" is a dramatic vehicle of much power in which Miss Craig is starred. Darwin Karr, who is equally well known, lends strong support. A splendid cast makes the best of the opportunity to carry out the ideas of Francis Martinale, producer, in the three-act play which deals largely with heart-interest situations.

How Uncle Sam attends to many of the duties that fall upon officials of the government is well depicted in an educational production dealing with the postoffice department. Fishery and health services. Some surprising disclosures are made with the sanction of the government photographers.

The Empire program today will close with a cleverly constructed comedy, "Cupid At the Polo Game."

MORE INTEREST SHOWN IN BISHOP MUSEUM DURING YEAR 1916

More visitors saw the Bishop Museum last year than in any previous 12-month period, but this does not necessarily indicate that residents of Hawaii are more interested in the place or that more tourists are coming to the territory in the opinion of Dr. W. T. Brigham, director. The visitors numbered 15,525.

Dr. Brigham says it is remarkable how many residents in the territory, some born here, have not seen that great display, and interesting to note how surprised some of them are when by chance they do come and the wonder that they never realized what was right at their doors.

With tourists the director says the numbers vary. In 1915 the number lacked 15 of being 4000. The year before it was more.

Many tourists go to the museum merely to say they have been there, according to the director, and obtain little real enjoyment from it. Others, like Sir Rider Haggard, here last year, and who said, "I never found a museum quite so individual," show unbounded appreciation.

The museum people are especially proud of the new work started this year at Maui in county fair work and for the thanks they received.

H. E. Lambert, secretary to Dr. Brigham, and J. F. G. Stokes, curator at the museum, were in charge for the museum of organizing the arts and crafts displays at the Maui fair and took there several interesting cases of museum exhibits, it being against the rules to remove originals.

In the annual report of the museum it is shown that the white race, with over 9000 visitors, predominated, with Hawaiians third with 1755. The Japanese boasted 3149.

GRAND LODGE WANTS BIG ATTENDANCE OF ELKS AT ROLL CALL

That the grand lodge is taking a keen interest in the annual roll call of the subordinate lodges is witnessed by letters received by Exalted Ruler Fred Buckley and Secretary Dunham of the local Elks' lodge from the grand exalted ruler and grand secretary urging efforts to pass the good record that was made on the first annual roll call last year. The grand exalted ruler speaks of the plan having been put in operation by his predecessor but adds his own commendation to the plan and speaks of the success of the first effort.

It is not necessary, he says, to urge regular attendance at lodge to attend on that evening but members who are not so regular should be urged to set aside this one night at least for lodge duties and for attendance. Friday night of this week is roll call in Honolulu.

ATTORNEY-GENERAL WILL REPORT ON PIER EXTRAS

That old question of "extras" which has bothered the board of harbor commissioners from time to time in connection with work on Piers 5, 6 and 10, is to be referred once more to the office of the attorney general.

This was the decision yesterday afternoon after a long discussion at the board meeting when Ed Lord, contractor, and his attorney, E. C. Peters, appeared to ask that a bill of \$28,742 be paid for certain additions and extras. Peters read a letter from Chairman Charles R. Forbes wherein it was stated that the contractor should be allowed 20 per cent instead of 15 per cent additional for extra work. It was brought out that the board had no knowledge of the letter.

They were not averse to paying the bill if legal but wanted the legality established first. Lord says that the 20 per cent allowance will give him no clear profit, but will be used for various incidental expenses of the job.

Mrs. Heflin Is Saved From Operating Table

Brother and Sister Both Relieved by
Remedy Available to
Any One.

In her gratitude for a remedy that saved her from the possible necessity for an operation, Mrs. Carrie Heflin, of Costa, Kans., writes: "Had it not been for Fruitola and Traxo I might have been on the operating table by now. It relieved me of at least one hundred and fifty gall stones. It surely does work wonders. My brother also had suffered for years and has been greatly benefitted by Fruitola and Traxo."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased in Honolulu of Benson, Smith & Co., wholesale distributors, and leading drug stores; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a topical alternative that is most effective to rub and restore the weakened, rundown system. A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

The Investment of Life Insurance

In many instances the beneficiary of a Life Insurance Policy is inexperienced in the care and investment of money.

Perhaps you would feel safer if you knew that a responsible Trust Company, with Officers of wide experience in financial affairs, would protect the interests of those dependent upon you, paying over the income and distributing the principal according to your wishes.

It is a very simple matter to arrange your Policy and make this institution Trustee for your beneficiaries.

You are cordially invited to consult with our Officers regarding this very important matter.
